RE: Maintain Net Nuetrality

Sir/Madam:

Maintain Internet Nuetrality. I do not want just a few businesses dominate the Internet. To allow corporate dominance would violate the right to Free Speech. It would be the same as encouraging screaming in public places to drown out democratic public discourse.

Sincerely,

A handwritten signature in black ink, appearing to read "Katherine P. DeWitt". The signature is fluid and cursive, with the first name "Katherine" and last name "DeWitt" clearly distinguishable.
